01 - Chat · agent sessions + trajectory

buddies UI redesign - soot + lime - Manrope + JetBrains Mono

02 - Agents · master-detail (matches real IA)

buddies UI redesign - soot + lime - Manrope + JetBrains Mono

buddies UI redesign · soot + lime · Manrope + JetBrains Mono

The buddies system

soot + lime · Manrope + JetBrains Mono · radius round · one accent, used sparingly

PALETTE

soot · bg
#0F0F0F

surface · cards
#1A1A1A

raised · chips
#232323

hairline
#242424 · 1px

ink · headings
#FFFFFF · body #E6E6E6

lime · the one accent
#DAFA9C · ink-on-accent #0F0F0F

TYPE

Display · Manrope 500 · 28 · -3.5%

Title · Manrope 600 · 15

Body · Manrope 400 · 14/22

Label · JetBrains Mono 500 · 11 · +8% caps

Agents that run while you work.

Scout — web research agent

Pull the release notes and list the breaking changes that touch our Go bindings.

SESSIONS · TRAJECTORY · TODO

CONTROLS

New agent | Park | Cancel

Search sessions

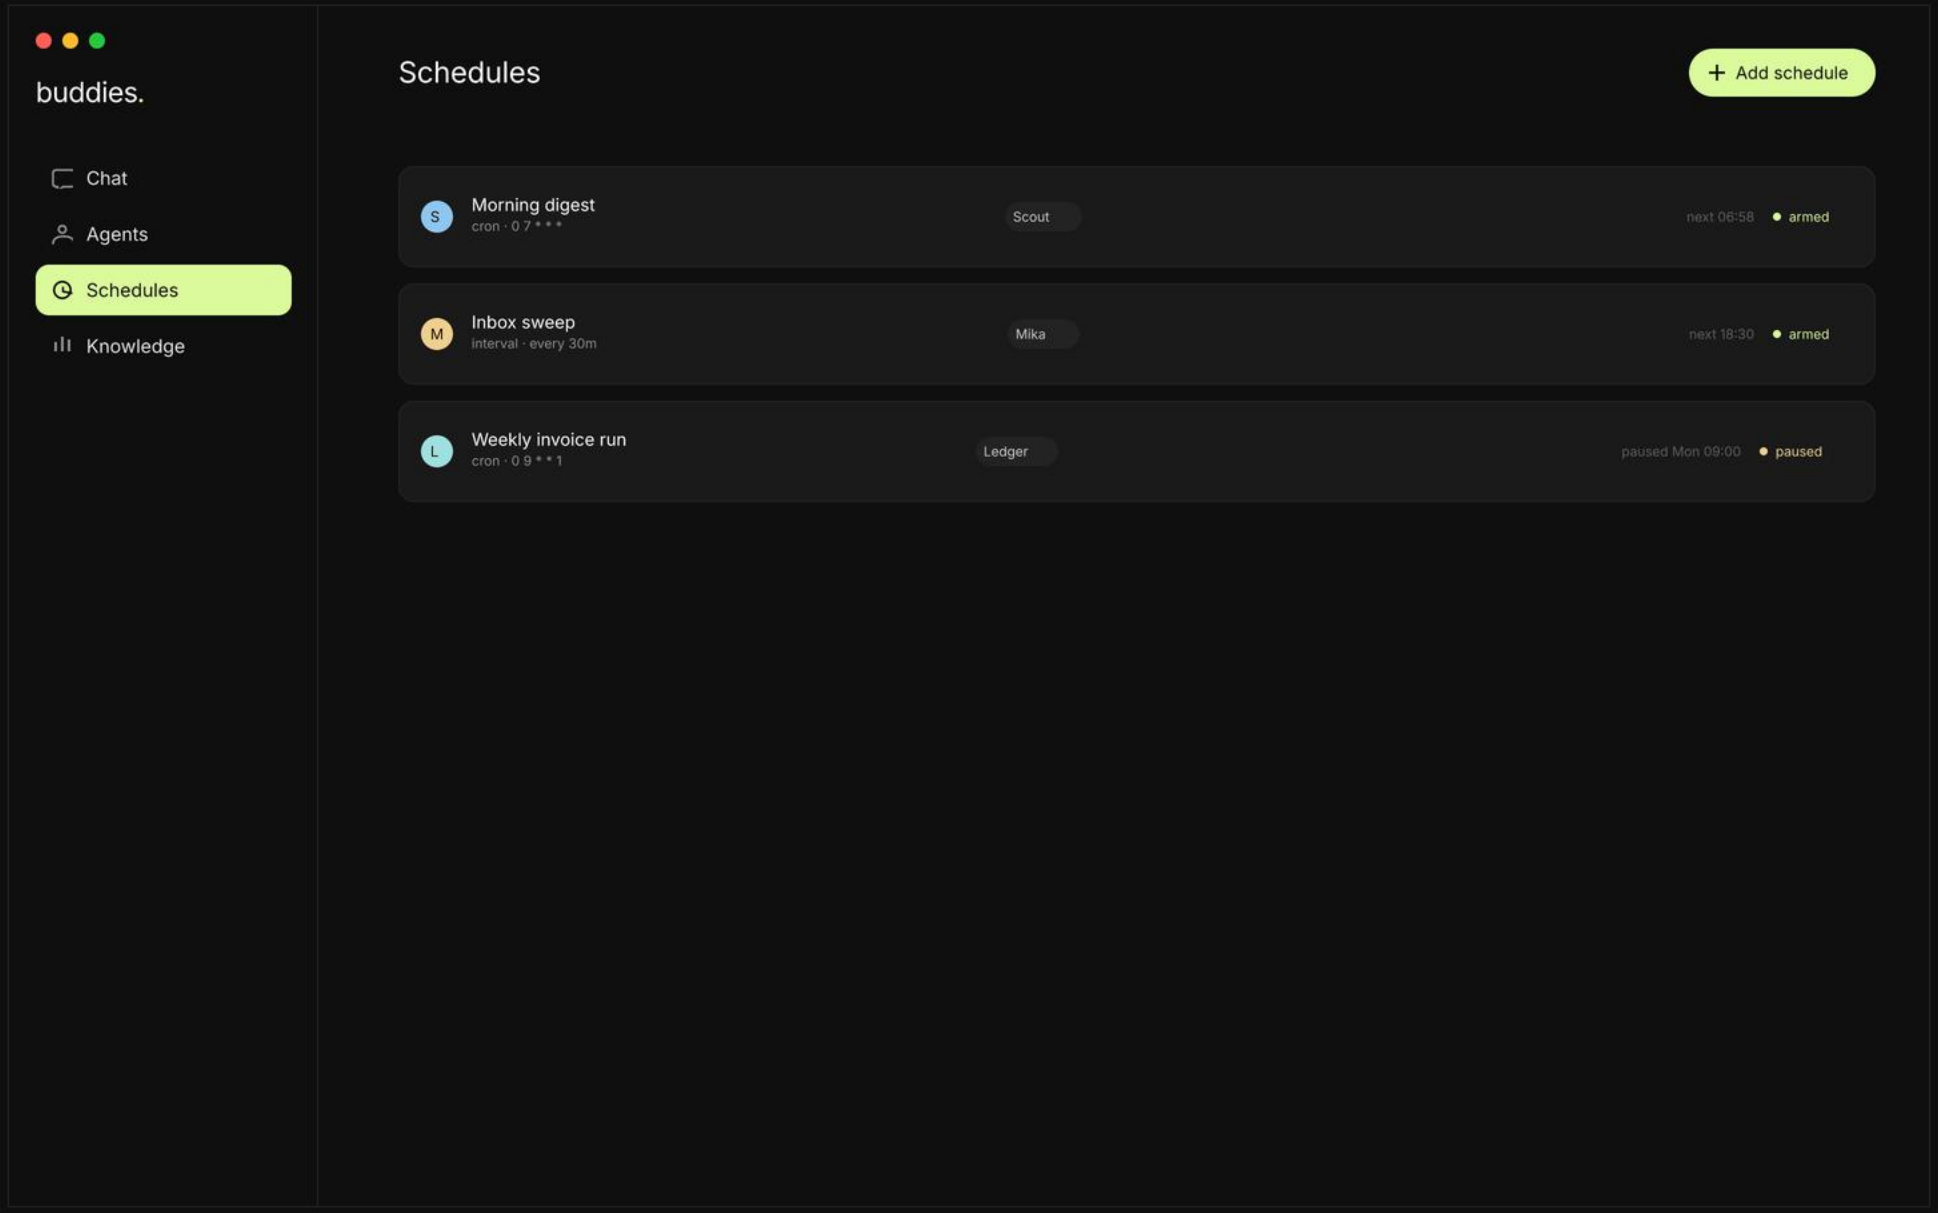

- [x] ~~done~~
- [ ] active
- [ ] pending

Radius · 10 controls / 12 cards-small / 16 cards / full pills

Motion · cards lift 2px on hover · buttons step on press · caret blinks while streaming

04 - Schedules · recurring agent runs

buddies UI redesign - soot + lime - Manrope + JetBrains Mono

05 - Knowledge · global + agent-scoped documents

buddies UI redesign - soot + lime - Manrope + JetBrains Mono

buddies.

- Chat
- Agents
- Schedules
- Knowledge

Knowledge

Documents agents search with their filesystem tools — global documents reach every agent; agent-scoped ones stay with one agent.

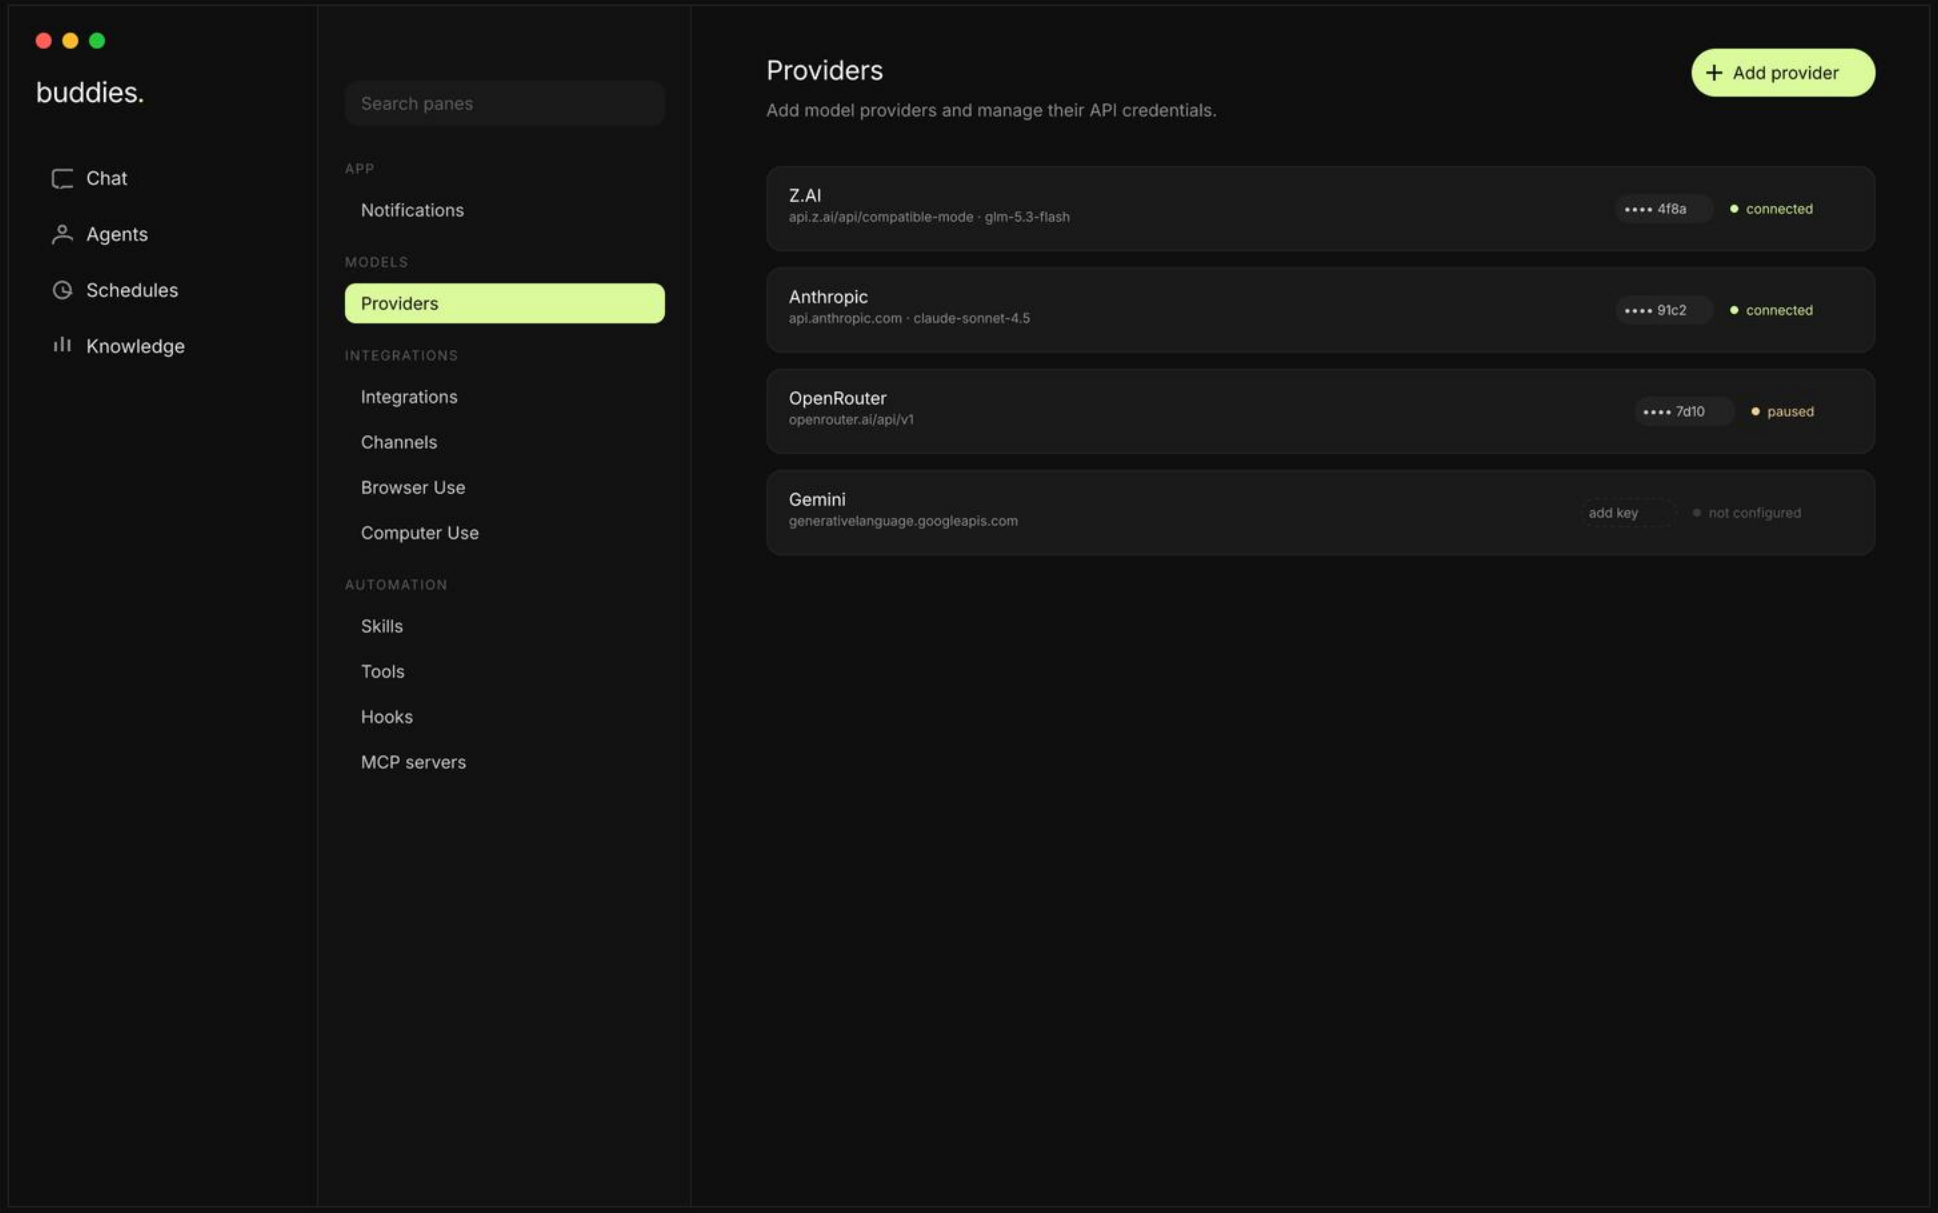

+ Upload document

SCOPE

All documents

4 documents · 2 global · 2 agent-scoped
